2012-2013

About World Renew

The Christian Reformed World Relief Committee (CRWRC), now known as World Renew, works in areas of the world where hope can be hard to find. Ever deepening cycles of poverty, disease, and injustice lead to environments where a better tomorrow no longer seems possible. We partner with more than 84 churches and organizations to work in 26 countries around the world, helping over 850,000 people overcome illiteracy, hunger, malnutrition, unemployment, HIV and AIDS, child mortality, injustice, and more in the last year. In addition, we helped 750,000 people recover and rebuild their lives after disaster. World Renew reaches out in the name of Jesus to help people find lasting ways to experience renewal for their lives . . . and their communities.

How it Works

Every item in the gift catalog represents a practical step toward renewal for individuals, families, and communities around the world. By giving a gift like this, you'll partner with World Renew in bringing hope and the possibility of a better future to those struggling under the weight of poverty or reeling from the effects of natural disasters.

Each of these items is just one part of a holistic poverty alleviation strategy that helps local people develop local solutions to local problems. As a result, these gifts are not just helping one person, they give hope to an entire community.

A Calf—the simple power of milk

Bangladesh

Calves can be raised at home, and when they are fattened the meat can be sold to provide income. Or, when a calf is full-grown, it can provide an ongoing source of milk to drink or to sell in the market.

Calf
\$90.00

Income Generation and Animals

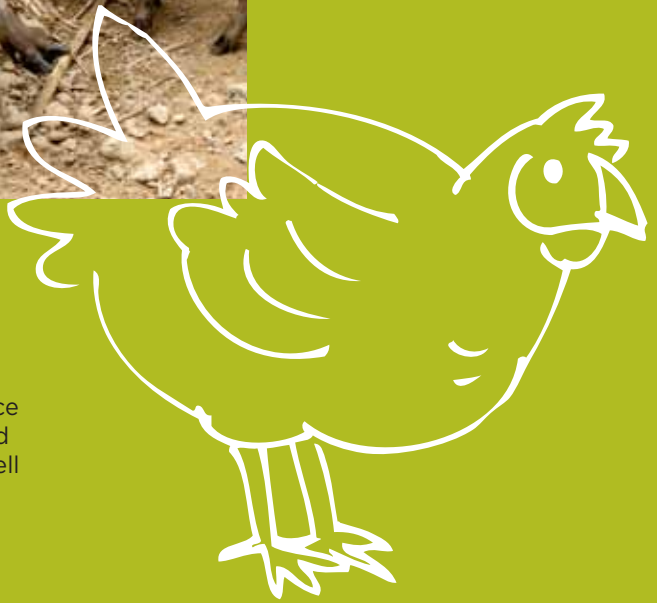

A Piglet—from home to market

Cambodia

Pigs can be reared and fed at home, then sold at market for food.

Piglet
\$80.00

A Chicken—the value of options

Cambodia

Chickens are a wonderful source of nutrition from their eggs and their meat. Or the family can sell them in the market.

Chicken
\$1.50

A Sheep—help around the farm

Guatemala

In Guatemala, a sheep can change life on the farm—they provide wool, meat, and manure that helps with farming.

Sheep
\$60.00

Health and Water

A Stove—spread the word

Senegal

Cooking in Senegal usually means cooking over an open flame, causing most of the heat to be lost and using a large amount of wood or charcoal. With a fuel-efficient stove, families can cook their food safely, using less wood and charcoal each year.

Stove
\$18.00

A Chimney—a breath of fresh air

Honduras

Most of the cooking in rural Honduras is done on woodburning stoves inside family homes. A chimney dramatically reduces smoke inhalation and related diseases.

Chimney
\$20.00

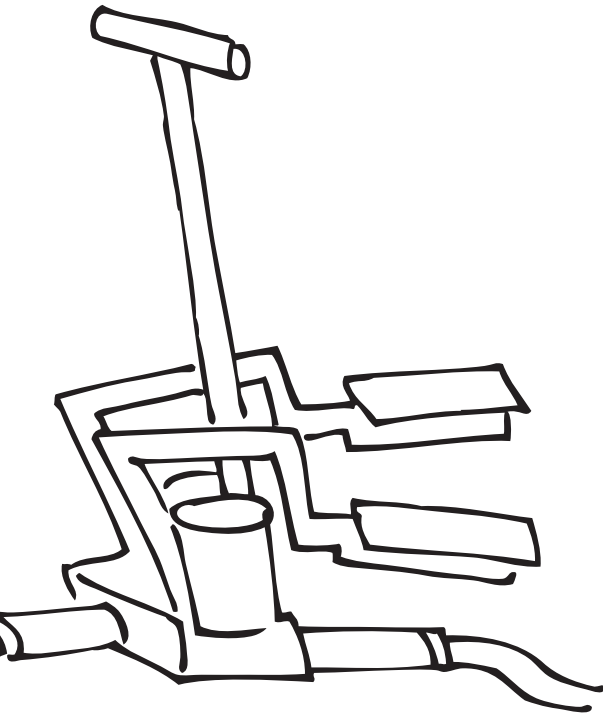

Proper Nutrition to Grow Strong and Healthy

Honduras

Nutritional deficits and resulting illnesses among children are a growing concern in Honduras. Provide a kit of soybeans (for nutritious milk), vitamins, and medicine.

Health Kit for Children
\$17.00

**Not sure what these mean?
Go to worldrenew.net/mdg
to learn more!**

A Treadle Pump—water in the dry season

Mozambique

In central Mozambique, a treadle pump gives farmers a way to water their crops in the dry season and significantly increases their harvest each year. This allows them to provide food for their families and sometimes have some left over to sell.

Treadle Pump 🍁
\$230.00

Filters Make the Difference

Honduras

In Honduras, water is available but filled with bacteria. A ceramic water filter means the difference between consistent health and perpetual sickness.

Filter 🍁
\$25.00

Community Training in AIDS Prevention

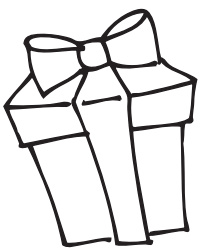

Mozambique

Stepping Stones training is an intensive and highly participatory 5-10 day program that gives communities the tools they need to understand the health and HIV/AIDS risks they face. It also addresses issues like gender disparity and family communication that significantly affect community health.

HIV/AIDS Stepping Stones Training
\$400.00

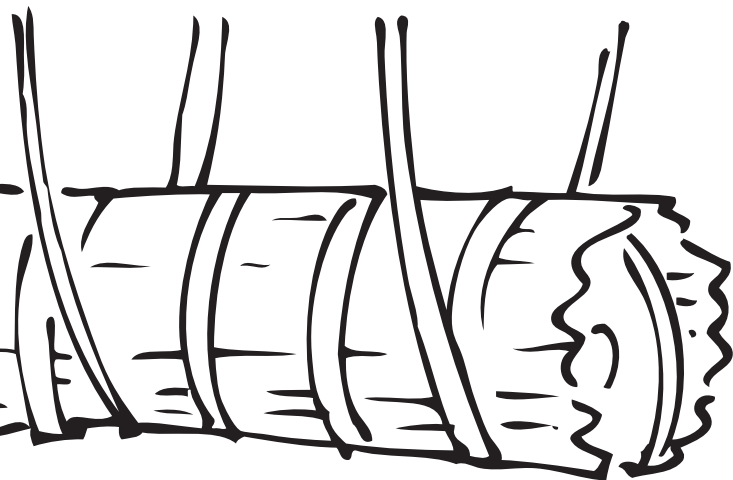

Food and Education

Help Farmers Learn from Each Other

Cambodia

Farmers in Cambodia are much more likely to try new, more effective methods of farming when they see the results firsthand in other communities. Your gift funds learning exchange trips that help farmers grow enough food to feed their families.

Farmer Exchange Visit
\$30.00

A Beehive—a sweet gift

Uganda

In Uganda, many families cultivate bees to sell the honey. The gift of an improved beehive helps families produce more honey efficiently and with less impact on the environment.

Beehive
\$50.00

Seeds—more food and a better diet

Honduras

Encouraging families to raise home gardens helps reduce food shortages and improves diet. Families plant vegetables such as onions, cucumbers, tomatoes, cabbage, peppers, radishes, and more.

Seeds
\$2.00

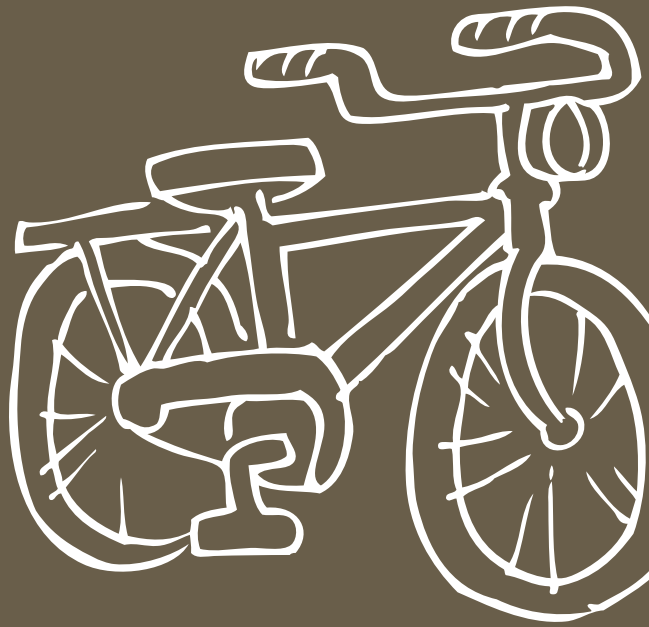

A Bicycle—the gift of transportation

Mozambique

A bicycle gives a family access to health care and transportation to markets. In Mozambique, a teacher with a bicycle can reach more villages to teach men, women, and children to read and write. Simply getting from here to there on a bicycle can open up opportunities that were previously out of reach.

Bicycle
\$120.00

Textbooks—gateway to learning

Honduras

Many who need the benefit of an education simply do not have enough money to buy the necessary books. This set of texts contains all of the subjects covered in one year of school.

School Textbooks
\$35.00

A Place to Learn—the value of a desk

Guatemala

Desks quickly improve learning for both adults and children.

Desk
\$25.00

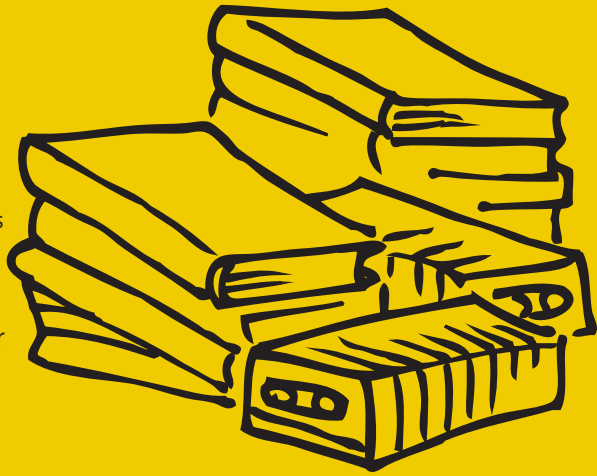

Empowering Women and Communities

Literacy Book Set—equipped for change

Bangladesh

As women learn to read, life dramatically improves for them and their families. Equipped with an understanding of words and numbers, they are empowered to negotiate fair prices for purchases, read and comprehend legal documents, and much more. They can also afford to better feed their families and avoid unethical lenders who would cheat them.

Literacy Book Set 
\$30.00

Transforming Families—one at a Time

Nicaragua

Provide an intensive, practical training course that a family can experience together. Themes range from household finance to decision making to conflict resolution to family planning to domestic violence. Families are surveyed before and after the course to verify behavioral change.

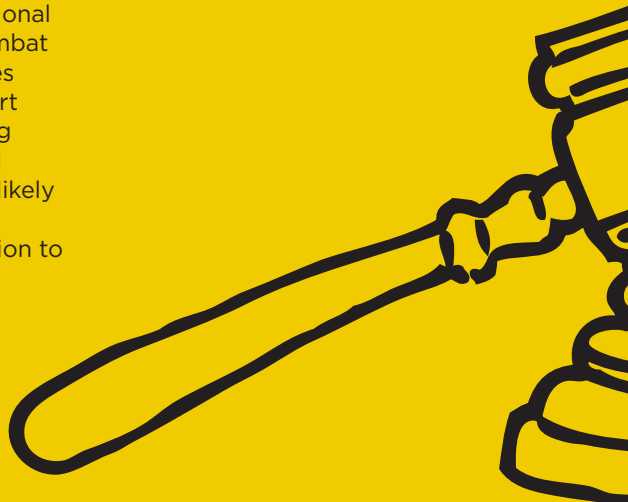

Family Transformation Training
\$150.00

A Microloan—small investment, big impact

Nigeria

Most of the world's poor are women, who have fewer educational opportunities and must also combat cultural biases. A microloan gives a woman the opportunity to start her own business, transforming her family's overall health and education. Women are also likely to reinvest earned income because of their connection to the family's needs.

Microloan 
\$35.00

Providing a Forum for Renewal

Cambodia

Getting communities and regional authorities to work better together is not automatic. Sponsoring a forum with participation by government and corrections officers along with village leaders and residents builds appreciation and respect that leads to better cooperation.

Peace Forum
\$20.00

Skills Enhancement Training

Western Africa

To improve their lives, people receive training in a subject their organization or community group requested in their yearly planning. Examples include soap making, cloth dyeing, peanut oil production, health and hygiene, animal husbandry, and literacy. This gift allows one man or woman to attend the training.

Skills Enhancement Training
\$10.00

Legal Assistance—justice for all!

Nicaragua

A network of professional lawyers provides assistance to people who lack resources to pay for legal services. Legal issues can be related to land disputes, employer/employee disputes, human rights abuses, and domestic violence. World Renew supports this network by providing assistance for transportation, professional training, and some legal processes.

Legal Assistance
\$20.00

Transforming Communities through Leadership

Cambodia

World Renew provides training to leaders in rural villages to help communities identify their needs, plan responses, and mobilize resources (inside and outside of the community) to carry out the plans.

Leadership Training
\$42.00

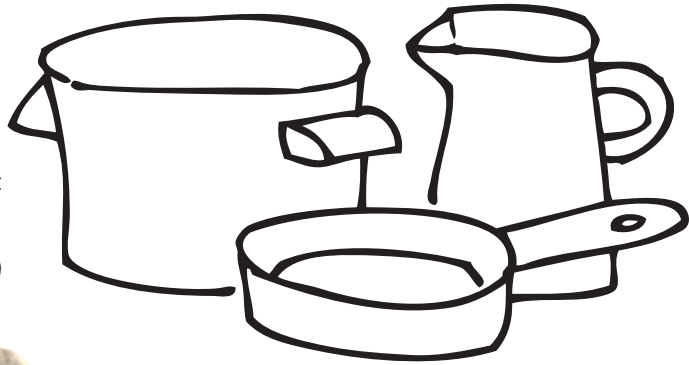

International Disaster Response

Food for a Month

International

After a disaster, families are vulnerable and in need of direct assistance, including both dry and cooked food rations. With this gift, World Renew can feed a disaster-affected family for one month.

Food for a month
\$25.00

The Basics in a Time of Crisis

International

In times of crisis, the basics don't seem so basic. An emergency kit includes household supplies like pots, soap, toothbrushes, towels, and more.

Emergency Kit
\$25.00

Warmth Instead of Cold

International

In disaster, a simple blanket can provide warmth or a place to sleep.

Blanket or Sleeping Mat
\$10.00

Emotional Care in Trauma

International

Families are often left in a vulnerable state after a disaster. Trauma care can help people process their emotions. Skilled counseling professionals, trauma healing learning programs, and play/education groups for children bring emotional renewal in difficult situations.

Trauma Care
\$50.00

Providing Shelter in Difficult Times

International

Shelter—we all need it. Many people around the world, however, are left without because of natural disasters, political strife, and religious persecution. Provide temporary shelter, transitional housing, and/or permanent housing worldwide, giving warmth, protection, and a place of retreat to a family in need.

Tarp
\$25.00

Tent
\$100.00

Transition Shelter
\$300.00

Permanent Shelter
\$3,500.00

Disaster Response—where needed most

International

Overwhelmed by the choices? Let us choose for you by making a gift that can be used where needed most by disaster survivors. This quick response fund addresses the most critical needs around the world related to disaster response.

Disaster Response—where needed most
\$25.00

A Web of Protection

International

In many parts of the world, a mosquito bite is no small thing. Malaria and dengue fever spread through infected mosquitos that infect millions every year, leaving them incapacitated for days at a time. One mosquito net will protect a child—five will protect an entire family from disease.

Mosquito Net
\$12.00

A Goat—a source of income in disaster

International

A goat serves as an asset for many families, sold to cover expenses as they arise. World Renew distributes goats to disaster survivors whose livestock have been sold or lost because of the disaster, helping them to reestablish their assets. Each recipient then gives the first goat kid to a neighbor in need, growing the impact of your gift.

Note: The cost of a goat has risen in the last year due to increases in program costs such as veterinary care, goat care training, and animal feed.

Goat
\$40.00

North American Ministry

Renewing Homes and Lives

North America

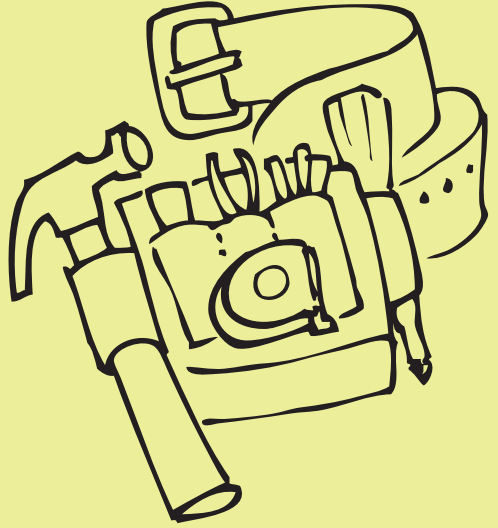

Help disaster survivors rebuild their lives and get back home with the gift of hand tools and/or building materials. These items represent a return to normalcy for families displaced from their homes because of floods, tornadoes, and hurricanes. Your gift gives World Renew volunteers exactly what they need to rebuild and repair homes and lives.

Small Tools

\$20.00

Building Materials

\$50.00

Discovering the Needs

North America

Give the gift of training to a leader from World Renew's North American partner, Communities First Association. There, he or she will learn to uncover needs in a community, develop response strategies, and organize neighbors to address these specific needs.

Community Listening Training

\$100.00

Starting Transformation

North America

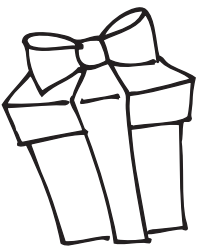

World Renew regularly receives requests for training and coaching in neighborhood transformation in the United States. Your gift helps our partner, Communities First Association, provide initial training for community leaders and volunteers whose work makes a real difference in low-income communities that desperately need the help.

Neighborhood Transformation

\$100.00

🍁 What Does the Maple Leaf Mean?

The maple leaf symbol indicates an item that will receive matching funds from the Canadian government through the Canadian International Development Agency (CIDA). CIDA has committed to providing World Renew with more than \$7 million in funding over the next five years, provided that World Renew raises a portion of the program costs from individuals and churches in Canada. At a ratio of 3:1, every dollar you donate toward these programs will result in four dollars raised for renewal around the world.

Ending Poverty

Poverty Alleviation— where needed most

International

Overwhelmed by the choices? Let us choose for you by making a gift to be used where needed most to help men, women, and children overcome poverty. This fund allows us to respond to the most critical poverty needs around the world.

**Poverty Alleviation—where needed most
\$25.00**

Free A Family® from Poverty

Learn more
www.worldrenew.net
 800-552-7972 (US)
 800-730-3490
 (Canada)

Free A Family® is a community-based program that helps a family and its entire community break free from the bonds of poverty in Asia, Latin America, and Africa.

Through Free A Family®, Christian training programs—in agriculture, health, nutrition, literacy, income generation, and more—provide parents with the skills and training they need to step out of the shackles of poverty and provide a better life for their children.

World Renew keeps the cost of Free A Family® low by providing monthly supporters with quarterly updates about a representative family rather than connecting individuals with a specific child or family. This allows you to understand the specific challenges and needs a family may have but eliminates the cost of managing your relationship with one specific family so that more of your donation goes for what you intended—helping a family out of poverty.

Free A Family® for a Month International

Give a gift today! \$22 helps one family improve their lives for one month.

Free A Family®
