Putting Things Right*

What Is the Power of Putting Things Right?

When you select items from this World Renew Gift Catalog, you accomplish several things that matter deeply.

First, it's fun! You may be picking out gifts with your grandkids at Christmas, inviting church school children to choose ways to donate their offerings, or honoring a loved one with a gift to World Renew. As you do, you're building relationships with your friends, relatives, and church family over shared concerns like poverty, hunger, and injustice. And when you give to World Renew, you can be sure that your gifts are addressing those issues in God-honoring and people-honoring ways.

Second, it's meaningful. The help that World Renew provides to people who live in poverty through the gifts you give is practical and appropriate. Our approach is based on sound biblical principles and shaped by what people who live in poverty tell us about their needs and available resources. That's why World Renew's disaster and development programs work in some of the poorest communities on earth.

Third, it's powerful. Your support for World Renew has the power to put things right—and it's God's power. Through Jesus Christ, God has

"So let heaven rejoice, let earth be jubilant, and pass the word among the nations, "God reigns!". . . He is on his way to put things right!" 1 Chronicles 16:32-33

overcome sin and death and is reconciling all things to himself. The victory the prophet predicted is accomplished—God reigns!

God graciously includes us, His people, in His ongoing mission of reconciliation in the world. Working in communities of poverty and injustice, World Renew reaches out with help and hope to those who have the least, recognizing that every person is God's image-bearer.

Empowering people to reach their God-given potential is God's work, and He decides what will bring transformational change in people's lives. Sometimes that change is as small as a baby chick, and sometimes it's as big as community-wide peace-building and reconciliation between ethnic or religious groups. Big or small, we rejoice in God's power to put things right!

Thank you for following God with World Renew into the lives of those who are poor through the 2014-2015 Gift Catalog. Your involvement demonstrates God's love to a world in need. Through it, God's jubilant kingdom is being made visible among the nations!

The Millennium Development Goals (MDGs) were established by the United Nations (UN) in 2000 as a way for countries to work together toward eliminating extreme global poverty by 2015. Since then, much progress has been made on attaining the eight MDGs, but more needs to be done to give people who live in poverty today the opportunity to overcome the barriers that keep them powerless, voiceless, and vulnerable. Next year, UN member states will renew their focus on eliminating poverty worldwide through new aims called the Sustainable Development Goals (See sustainabledevelopment.un.org.) that are being planned now. How does World Renew's ministry relate to these global goals? Find out more at worldrenew.net/mdg.

The Power of Health for Mothers and Children

A Mosquito Net 🇸🇩

⇒ South Sudan

Where there are few prevention programs or health services, stinging and biting insects like mosquitoes can cause malaria and other diseases. Malaria has flu-like symptoms that, if left untreated, can become severe or even fatal. A **mosquito net** protects a mother and her youngest children from flying insects and prevents the spread of disease.

Midwife Training 🇬🇧

⇒ Bangladesh

Many pregnant women who live in poverty have to depend on help from relatives when it's time to give birth. A skilled birth attendant can increase the likelihood of a positive outcome for both mother and child. World Renew's **midwife training** for community health volunteers ensures that women deliver their babies in a clean environment, that newborns with breathing trouble get help, and that complicated deliveries are referred to a health center.

Cost: **\$50**

A Baby Weighing Scale 🇬🇧

⇒ Bangladesh

Infants who are underweight or malnourished early in life can be hampered by weakened physical health, poor brain development, and a shortened lifespan. Through World Renew's growth monitoring programs, parents in places where few health services are available receive training in nutrition, hygiene, and health awareness. Your gift of a **baby weighing scale** provides parents and local health volunteers with the vital information they need to help babies thrive.

A Lantern 🏠

⇒ Bangladesh, India

Cost: **\$4**
505874

A Literacy Book Set 🏠

⇒ Honduras

For people who live in poverty, work often comes before education because it is more important to eat than to learn. As a result, many adults are illiterate, easily cheated, and lacking in the skills they need to contribute to business and civic life. A literacy book set helps adults learn to read, write, and count so that they can manage a small business, earn an adequate income, and participate fully in their community.

The Power of Growing Food

The Power of Family

Free A Family

⇒ International

One of the ways that World Renew is working to put things right is freeing families from poverty by equipping them with the skills they need to improve their lives. The Free A Family® program creates a better future for people in need now—and for generations to come.

Free A Family® is cost effective. By featuring a representative family from one of five regions of the world, the Free A Family® program keeps administrative costs down. The result is that more of your donation goes where you intend—to help people in need. Isn't that why you give?

Free A Family® is fair. World Renew works with entire families, not just one individual, to increase access to nutritious food, clean water, improved health care, and better income in the communities where we work. That's because change that is truly sustainable happens when all family members benefit.

Free A Family® keeps the big picture in mind. World Renew works

through churches and Christian organizations who reach out to those in the most need in their own communities with programs in agriculture, health, nutrition, literacy, income generation, and spiritual development. This integrated, community-based approach works because it addresses the root causes of poverty and makes transformation possible for those who come into contact with it.

As a Free A Family® supporter, you receive quarterly updates about a representative family in one of five regions of the world that you choose. For just \$22 a month or \$264 a year, you can support families by giving them the opportunity to lift themselves out of poverty today and look forward to a future with hope. That's power to put things right.

Who Is World Renew?

As people who believe in Jesus Christ as the Son of God and the Savior of the world, Christ-followers know that God reigns and will return to earth to establish His kingdom and finally “put things right” (1 Chron. 16:32-33). God’s deep passion for justice and mercy compels us as His people to work in some of the world’s most difficult places, helping those who are in need break free from the injustice, oppression, and violence of poverty. We long and work for the day that His kingdom fully comes!

When you place your gift catalog order, check out worldrenew.net and click on *What You Can Do*. There you’ll find 20 ways to do more to help alleviate hunger and poverty with World Renew. You can volunteer, partner, become an ambassador, advocate, take a tour, and much, much more.

World Renew was established in 1962 as a means for the church to address the injustices of poverty and disaster on a bigger scale than individuals and congregations can tackle on their own. Last year, World Renew reached more than 1.5 million people who live in poverty with integrated development programs in health, agriculture, income earning, literacy, and leadership training as well as emergency disaster response and rehabilitation. Let’s end the suffering and injustice of poverty while depending on God’s power to put things right.
