

Gift
Catalog
2013-2014

it forward

Easy as 1, 2, 3

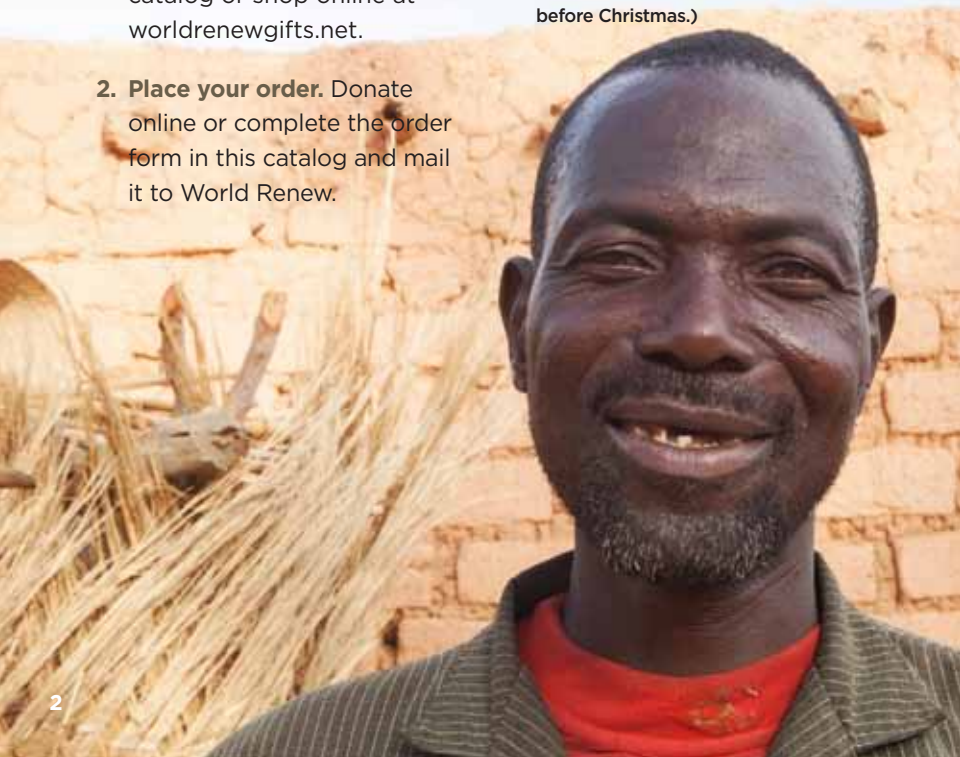

Make this year different: give it forward. Give a gift of love and light, and help one more family plant a vegetable garden, one more child get the literacy books she needs, or one more hurricane survivor find shelter and warmth.

1. Select the gift you want to give. Look through this catalog or shop online at worldrenewgifts.net.

2. Place your order. Donate online or complete the order form in this catalog and mail it to World Renew.

3. Receive a gift acknowledgement card specific to each item you donate. Let a loved one know that you made a gift in his or her honor by requesting printed note cards for each item. If you give online, you can also choose to send an e-card.

(Be sure to request printed acknowledgement cards by December 3 to ensure their arrival before Christmas.)

About World Renew

"This is how we know what love is: Jesus Christ laid down his life for us. And we ought to lay down our lives for our brothers and sisters. If anyone has material possessions and sees a brother or sister in need but has no pity on them, how can the love of God be in that person? Let us not love with words or speech but with actions and in truth."

—1 John 3:16-17

Isn't it amazing that God would send his Son to die on our behalf? Out of gratitude for this incredible gift and inspired by God's own deep passion for justice and mercy, World Renew works in some of the world's most difficult places to help people overcome disaster, fight injustice, and renew their hope for a better future.

The Millennium Development Goals (MDGs) were established by the United Nations thirteen years ago. These eight goals work together to overcome the barriers that keep the poor powerless, voiceless, and vulnerable. You can learn more about the MDGs and World Renew's related ministry at worldrenew.net/MDG.

Your support is critical to this ministry. As you read through this catalog, remember God's awe-inspiring love for you and prayerfully consider what you can do to "give it forward" to an individual, family, or community in need.

Give Water and Sanitation

How do you get a drink of water? Walk to a sink and turn on the faucet, right? For many people the world over, getting water requires a daily long walk with a heavy bucket. In many places there isn't a reliable source of clean drinking water. In still other places, water supplies have dried up due to drought. World Renew works with communities to improve their access to clean water, both by providing new sources of water through treadle pumps and wells and by providing water filters to purify water. World Renew also helps communities improve sanitation through the installation of latrines.

Water filter

\$25

In Honduras a ceramic water filter means the difference between health and perpetual sickness.

Latrine

\$40

Good sanitation is essential for good health.

Treadle pump

\$230

This pump provides farmers in Mozambique with water in the dry season and increased harvests.

Give Livestock

Animals act as live “piggy banks” for a family—livestock are an asset they can sell to pay for an unexpected trip to the medical clinic or to buy food during times of drought. Calves and goats are part of World Renew’s livestock multiplication program. Here’s how it works: a few families in each community are given a calf or goat kid. When the mature animal produces offspring, recipients keep one young animal and give the remaining calves and goat kids to other needy households in the community. In this way, each livestock gift from the gift catalog multiplies and blesses many individuals and families.

Goat

\$40

A goat is an asset a family can sell in a time of need.

Sheep

\$60

In Guatemala a sheep provides wool, meat, and manure for the farm.

Calf

\$90

Calves are raised in Bangladesh to provide milk to drink or to sell for extra income.

1450

A purple circle with a yellow border containing the text "HIV testing" and "\$1.50" in white.

HIV test kits are used in Nigeria for early diagnosis, which leads to better treatment.

**Nutrition kit
for children
\$17**

This kit of soybeans, vitamins, and medicine will help a child in Honduras stay healthy.

Chimney
\$20

A chimney reduces wood smoke in the home, providing clean air to breathe.

families through-
out the year.

Give Freedom from Poverty

What parent doesn't want the best for his or her children? Through World Renew's Free A Family® program you can help parents create a better future for their children. Parents participate in trainings across the spectrum of community development programming including health, nutrition, agriculture, literacy, and small business development. The end result for all participants is nutritious food, clean water, improved health, and increased income.

“Teach a Person to Fish”

If you give a person a fish, he eats for a day. If you teach a person to fish, she eats for a lifetime. The adage rings true, doesn't it? Sometimes organizations try to help communities struggling under the weight of poverty by handing out food. And that helps for today. But to achieve lasting change we must equip women and men and their communities with the skills and tools to overcome poverty in their own strength. We assist. We encourage. We train. But it is the courageous, tenacious men and women of the world's communities who must achieve lasting change.

Trainings
\$10

\$10 supports World Renew's life-changing trainings that address issues such as economic empowerment, nutrition, literacy, leadership, and village savings and loan.

Give Where Needed Most

Real lasting change. A gift to Where Needed Most helps World Renew achieve lasting change wherever the need is greatest. Whether it's a child in India who needs a vaccination, a father in Nigeria who can feed his family better through improved agricultural practices, or a young woman in Honduras who wants to learn to read and write, you can trust World Renew to use your gift where it will do the most good.

Where
Needed Most
\$25

World Renew will use this gift to respond to the most critical needs around the world.

Give a Gift of Disaster Recovery

North America

Hurricanes, tornadoes, floods, and other disasters put already at-risk families in an even more challenging situation. Sometimes a homeowner is facing a personal or financial difficulty or lacks home insurance. World Renew's Disaster Response Services (DRS) comes alongside individuals and families, providing both home repair and a listening ear, serving as the hands and feet of Christ to thousands of people each year.

Small tools

\$20

Volunteers use hammers, screwdrivers, and paintbrushes to repair disaster survivors' homes.

Building materials

\$50

Nails, screws, and two-by-fours help volunteers rebuild homes and bolster disaster survivors' hope.

Give a Gift of Disaster Recovery

Around the World

Typhoons, floods, droughts, war, and other disasters deeply affect millions each year around the world. World Renew's international disaster response program provides immediate assistance after the disaster strikes, as well as long-term recovery programs.

Emergency
supplies

\$20

Meet urgent needs for blankets, kitchen pots, or soap to help disaster survivors cope.

Transitional
house

\$300

Provide shelter to disaster survivors, giving warmth, protection, and security.

Additional shelter gifts:

\$25 Tarp

\$100 Tent

\$3,500
Permanent house

Clean Water

\$250

Help provide a well, filtration system, or bottled water for a disaster-impacted community.

Give Education

Imagine going to the grocery store and not knowing how much an apple costs. Would you trust the cashier to charge you the correct amount? For millions worldwide, this is a familiar scenario. Help women and men learn to read and write and learn their numbers with an education gift through World Renew. Improved literacy and math skills lead to confidence in many daily situations that North Americans often take for granted, such as a trip to the grocery store. They also lead to improved livelihood opportunities, which in turn lead to improved income, food security, and education for children.

Literacy
textbook
\$5

Literacy books help adults in Zambia learn how to read and write.

Lantern
\$15

Lanterns provide light for studying in the evening.

Literacy set
\$40

This set of materials provides everything needed for one student for one year in Tanzania.

Give Agriculture

One meal a day. Or less. Can you imagine trying to make it through your day on one meal? Give a gift of agriculture through World Renew to change this reality for someone else. A gift of seeds equips farmers with a stronger crop and a more promising harvest. A beehive helps a family produce more honey, providing more to sell and improving their financial security. A farmer exchange visit powerfully demonstrates to farmers the positive impact of changing their agricultural practices. When they apply what they learn, they increase their harvests and provide more food for their families year-round.

Maize Seed

\$15

A bag of maize seed gives farmers in Zambia a good start on producing nutritious food.

Beehive

\$30

An improved beehive helps families produce more honey, increasing their income.

Farmer
exchange visit

\$80

Farmers travel to neighboring communities to learn new agriculture techniques.

Give a Gift of Livelihood

Sometimes people have a great desire to change their lives but they lack the means. By working with others in the community, a woman can take out a small loan to start a business. Little by little she can repay the loan, allowing another community member to borrow money to do the same. As her business grows, she can take another loan to make another positive change, perhaps this time buying a chicken in order to sell the eggs to pay for her child's school tuition. Livelihood gifts like this can mean the difference between a dream staying a dream and a dream becoming a reality.

**Sewing
machine**

\$60

A sewing machine helps a person in Bangladesh start a sewing business.

Microloan

\$50

A microloan gives a man or woman the funding needed to start an income-generation project.

**Village
savings and
loan starter kit**

\$60

Community members contribute to a savings fund, taking turns borrowing and repaying small loans to start and grow businesses.

Give Hope

Give hope this year with a gift of legal assistance or transportation. Help a Honduran navigate legal matters with a gift of legal assistance. Or help a literacy teacher reach more communities with the gift of a bicycle. A motorcycle means that more communities are reached by World Renew's partner staff, helping more men and women achieve lasting change in their lives.

Legal
assistance
\$20

Help a Honduran receive much-needed legal assistance.

Bicycle
\$120

A bicycle gives families access to health care and a literacy teacher access to more villages.

Motorcycle
\$5,500

A motorcycle allows partner organization staff to visit many neighboring villages, helping farmers grow improved crops.
